MUSIC AS A GATEWAY

A significant portion of the Museum's mission is to help students use music as a gateway to learning. We do this in part by providing exploration opportunities at this amazing facility. Music is a way to inspire, to cultivate creativity and critical thinking.

We invite you to immerse your students in a cutting-edge experience complete with interactive exhibits, films, and artifacts. Students will leave inspired to continue learning and will be more aware of how music impacts many aspects of society.
